

SINGER® HD4411 Heavy Duty Sewing Machine

Key Features

- **Enhanced Piercing Power:** Stronger motor & more power for multiple layers & thicker fabrics.
- **Extra High Sewing Speed:** Sew up to 1,100 stitches/minute. Great when sewing larger projects with long seams & seam finishes.
- **Full Metal Frame:** Internal support keeps machine stable & helps ensure long lasting durability.
- **69 Stitch Applications:** Choose basic, stretch and decorative stitches.
- **Large Sewing Space:** Generous "C" space (distance between the needle and the main part of the machine), allows larger projects to be sewn with ease.
- **Easy Stitch Selection:** Just turn the dial to select your stitch.
- **4-Step Buttonhole:** Buttonholes are sewn in four easy steps with consistent results every time.
- **Stainless Steel Bed Plate:** Fabrics glide smoothly over the machine's surface.
- **Top Drop-In Bobbin:** Is easy to wind & easy to insert, as well.
- **Adjustable Tension:** Tension dial can be used to fine-tune the look of your stitch as desired.
- **Adjustable Presser Foot Pressure:** Adjustable for very thick & very delicate fabrics.
- **Staybright™ LED Lighting:** Provides bright illumination of sewing area while eliminating shadows.
- **Drop Feed:** Lower the machine feed teeth for sewing on buttons, free-motion sewing, & more.
- **Extra High Presser Foot Lift:** Offers more clearance under the presser foot, which is needed when placing multiple layers underneath it.
- **Free Arm:** Slide the Removable Storage Compartment off the machine to access the free arm for sewing cuffs, collars, trouser hems and more.
- **Adjustable Stitch Length And Width:** Stitch length and width are preset when selecting a stitch, but can be adjusted as desired to customize for any project.

SINGER® 14HD854 Heavy Duty Serger

Key Features

- **Superior Fabric Feed System:** Enjoy consistent, quality stitching through all fabrics.
- **Heavy Duty Metal Frame:** Full interior metal frame provides long lasting durability.
- **Smoother Multi-speed Sewing:** High performance motor allows high torque & penetration force even on low speed, providing a steady stable force to sew through thicker fabrics.
- **1300 Stitches/minute:** Finish your projects quicker with a fast stitching speed.
- **60% Larger Cutting Knife:** Cuts thick fabrics with ease.
- **Free Arm:** Easy to sew hard-to-reach areas such as armholes, cuffs & smaller projects.
- **Differential Feed:** Eliminates stretching & puckering of seams.
- **Adjustable Stitch Length & Width:** Keeps seams strong & prevents bunching.
- **Adjustable Thread Tension:** Set upper thread tension for various threads & techniques.
- **4 Built-in Rolled Hems:** Enjoy more hem options, especially for lightweight fabrics. Converting to the Rolled Hem sewing mode is effortless. An easy access lever moves the stitch finger in position for rolled hemming.
- **Pre-threaded Color Coded Spools:** Use the multi-colored thread provided to learn how to thread the machine & to understand the feeding system.
- **Extra High Presser Foot Lift:** More space for multiple fabric layers.
- **Twice the Light:** See your sewing area more clearly.

Included Feet & Accessories

- All Purpose Foot
- Needle Set
- Tweezers
- Spreader
- Screwdriver
- Four Thread Spools
- Spare Lower Knife
- Scrap Bag
- Lint Brush
