- Beadalon® Standard Crimper Tool - Item # 10332396
- Beadalon® Nipper Tool - Item # 10302215
- Beadalon® Large Pink Tip Bead Stoppers - Item # D521865S

Instructions:

Step 1 - Cut two pieces of beading wire 24 inches (61 cm) long and attach a bead stopper to one end of each.

Step 2 - [Inner pattern] One wire, thread the following pattern: (1) 6mm round crystal, (1) light pink 8mm round, (1) 6mm round crystal, (1) pearl, (1) 6mm round crystal, (1) light pink 8mm round, (1) 6mm round crystal.

[Outer pattern] On the other wire, thread the following pattern: (3) 6mm round crystals, (1) silver heart bead, (3) 6mm round crystals, (1) silver heart bead, (3) 6mm round crystals, (1) silver heart bead, (3) 6mm round crystals.

Thread one glass pearl over both wires.

Step 3 - The wires will naturally want to cross in the pearl, so now you will be stringing the inner pattern on the top wire and the outer pattern on the bottom wire.

Step 4 - Repeat step 2 one more time using a darker shade of pink from the ombre strands.

Step 5 - [Inner pattern] One wire, thread the following pattern: (1) 6mm round crystal, (1) dark pink 8mm round, (1) 6mm round crystal, (1) pearl, (1) 6mm round crystal, (1) dark pink 8mm round, (1) 6mm round crystal, (1) pearl, (1) 6mm round crystal.

[Outer pattern] On the other wire, thread the following pattern: (3) 6mm round crystals, (1) silver heart bead, (3) 6mm round crystals, (1) silver heart bead, (3) 6mm round crystals, (1) silver heart bead, (3) 6mm round crystals.

Thread one 12mm light pink bead over both wires.

Step 6 - Reverse the pattern in steps 5-step 2 to mirror the necklace for the other side. Make sure as you are crossing the wires through the pearls, you are using the right wire for the inner pattern and outer pattern.

Step 7 - Over both wires, thread (1) pearl, (1) 6mm round crystal, (1) 4mm bead, (1) size 3 crimp tube and half of the clasp. Thread both wires around the clasp and back through the crimp tube. Use the crimping pliers to crimp the crimp tube into place.

Step 8 - Snug the beads up on both strands and on the opposite end, repeat step 7. Trim all of the wire ends.
