- Scissors
- Thread Burner or Beadalon® WildFire Cord Cutter (Item # D521863S)

Instructions:

Step 1 - Cut one piece of coral RePEat Cord 20 inches (51 cm) long and one piece of coral RePEat 6 feet (1.83 m) long. Secure the shorter piece between the two plates of the Beadalon Tying Station or in a clip board with a binder clip on the bottom.

Step 2 - Fold the longer RePEat cord in half, and secure it to the middle of the shorter cord with a Lark's Head knot.

Step 3 - Create a "P" with one side of the long cord **over** the base cord. Take the cord behind and up through the "P" shape that you created and pull the cord tight.

Step 4 - Repeat Step 3 but place the cord **under** the base cord and take the cord behind and up through the "P" shape. Pull the cord tight.

Step 5 - Repeat steps 3 and 4 a total of 9 times.

Step 6 - Remove the cords from the Tying Station and arrange them so that the knotted portion is secured around the top peg of the Tying Station.

Step 7 - Use the working cords to tie 4 square macramé knots over the base cords together.

Step 8 - Thread one silver metal cube bead onto each of the working cords.

Step 9 - Tie 2 square macramé knots over the base cords together.

Step 10 - Repeat steps 8 and 9 until the bracelet is the length you'd like, minus about .5 inches (12.7 mm).

Step 11 - Tie 4 square macramé knots over the base cords together.

Step 12 - String on a 10mm bead and tie an overhand knot to secure it in place.

Step 13 - Use a thread burner or WildFire Cord Cutter to trim and seal the ends.
