

SINGER® PROJECTS

Fancy Fabrics with Decorative Stitches

By Elaine Theriault
Singer Educator

Making fancy fabrics with decorative stitches is so much fun! Yet many people avoid these beautiful stitches because they are unsure where and how to use them.

Join Singer Educator Elaine Theriault in a live Zoom class on Thursday, May 16th, at Noon CST to learn the basics of working with decorative stitches.

Elaine will provide many tips and tricks to maximize the use of the sewing machine functions and supplies, such as needles, threads, and stabilizers. She'll also provide plenty of inspiration on how to use decorative stitches individually or combined to dress up any project.

She will feature the Singer® SES9180 Sewing and Embroidery Machine available at Michaels.

Supply List: Demonstration class. No supplies are needed. Come prepared to take notes and get inspired. You do not want to miss this event!

1. Satin stitch versus zigzag

2. Choosing and modifying stitches (length and width)

3. Sewing machine functions and presser feet

4. Stabilizers – what and when

5. Tips for stitching and marking

6. Inspiration
